Min Additional Single Premium (£) Minimum additional single premium accepted (£) 1 £2,000 or more 2 £501 - £1,999 3 £500 4 £250 - £499 5 less than £250	Minimum Age Minimum age attained at entry 1 The minimum age is older than 18 5 The minimum age is 18 or less
Minimum Monthly Premium (£) Minimum monthly premium (£ per month) gross. As PPP are typically regular premium contracts, split this into the two main types of regular premium 1 Over £225 2 £175.01 to £225 3 £125.01 to £175 4 £75.01 to £125 5 Up to £75	Online Applications Possible to write new business online 1 online applications are not permitted 3 online applications require wet signature 5 online applications are permitted without wet signature
Online Fund Switching (adviser) Online fund switching available to the adviser 1 Online fund switching is not available to the adviser. 5 Online fund switching is available to the adviser	Online Fund Switching (client) Online fund switching available direct to the client 1 Online fund switching is not available direct to the client 5 Online fund switching is available direct to the client
Online Valuations Valuations of underlying portfolio can be viewed online 1 Access to online valuations is not provided 5 Access to online valuations is provided	Passive/Index Funds Index Tracker/Passive Managed funds available 1 Index tracker/passive managed funds not available 5 Index tracker/passive managed funds available
Contribution Holidays Allowed Regular contributions may be temporarily suspended 1 Contribution holiday not allowed 5 Contribution holiday allowed	Self Investment Facility Self investment facility available 1 self investment facility not available 3 self investment facility is available via a separate plan 5 self investment facility available
Unit Trusts/OEICs Investment in Unit Trusts/OEICs are accepted under this contract 1 unit trust links not available 5 unit trust links available	

Notes

KEY: na = not applicable, ns = not stated, nd = not disclosed

The Data Numerical Analysis (DNA) allows the analysis of data on both a quantitative and a qualitative basis, showing not only who does what, but more importantly, how well they do it. This is achieved by a system of benchmarking or ranking on a 1 to 5 basis called DNA. A score of 1 indicates a weak feature; a score of 5 indicates an excellent feature.
